RE: West Geipe Road Widening
Stormwater Management Variance
Patapsco River Watershed
EPS Project I.D. M180271
EPS Tracking Number: 01-18-2815

Dear Mr. Richardson:

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. This section of the regulations allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of this article would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations, therefore, the associated permit B951595 is approved.

This project is for the widening of West Geipe Road. Although the disturbed area is in excess of 5,000 square feet, the additional stormwater runoff will be managed in an existing stormwater management facility.

Please contact Michael P. Doyle of my staff at 410-887-3768 should you have any questions.

Very truly yours,

/signed/

James A. Markle, P.E., Manager
